

## **Welcome**

**Lyrics by Dietrich Koch**

Welcome to our song,  
it's your song, too,  
written just for you  
and here for you  
to be continued  
cause we knew you would arrive.  
It's just the starting point  
for you to write  
your personal melody  
building the guideline of your life.  
For us it is  
a new horizon  
the starting point to learn the changes you make.

### *Chorus*

May your life  
be as light as a bossa nova,  
may you find  
always a melody to touch your soul  
and a groove to make you keep going.  
One day when  
you'll be able to write your own score,  
may your voice  
always be free to express what you feel  
and be heard  
by someone who loves you.

Welcome to this world,  
it's your world, too,  
waiting just for you  
and here for you  
to be changed  
cause you know  
how it should be.  
It's just the starting point  
for you to form  
your personal life's idea,  
follow your way and live your dreams.  
I hope we will  
be always listening  
to all the single notes of your life's score.

### *Chorus*
